

## 2016 MSU Weed Tour

**Christy Sprague and Bernie Zandstra**

We invite you to make plans to attend the annual Michigan State University Weed Tour, beginning at the MSU Plant Pathology Field Lab on Wednesday, June 29th (3735 N. College Road, Lansing, MI 48910 – College Road, north of Jolly Road). *Registration begins at 8:30 am, with the field tour kicking off at 9:30 am.* The tour will provide ample opportunity to look at research plots and participate in some short field presentations (be sure to bring a hat and sun screen!). Participants can compare their favorite corn and soybean herbicide programs to other commercial programs and check out some of the new herbicide-resistant crops and how these crop fit with overall weed management strategies. The morning tour ends with lunch.

The afternoon tours will begin at 1:00 pm: 1) *Weed Control in Horticultural Crops* (Location: MSU Horticulture Farm on College Road, south of Jolly Road); and 2) *non-GMO Soybean Weed Control Tour* (Location: MSU Plant Pathology Field Lab)

Pre-registration for the tour is \$25 per person which includes a tour booklet and lunch (on-site registration is \$35). On-line registration is through Michigan State University's Events Management System at <http://events.anr.msu.edu/event.cfm?eventID=68B963054643418B>. If you have any questions, or would like additional information visit our web site at [www.msuweeds.com](http://www.msuweeds.com) or contact Sandie Litchfield at 517-353-0104, email: [litchfi9@msu.edu](mailto:litchfi9@msu.edu). We hope to see you there!
